Our favorites

Charming places to visit

South Bichel Shelter

Come discover This Maginot Line shelter, which was built to house around forty soldiers during the Second World War. Accessible on foot.

Kœnigsmacker lock

Who has never dreamed of seeing how a boat lift works ?! A chamber that is filled with water or emptied to allow boats to pass through the dams.

The Observatoire of the burnt oaks

The observatoire of the Burnt oaks is a Maginot Line facility used to guide artillery fire from neighbouring structures. From this structure, you will have a breathtaking view of the Canner Valley.

Hombourg-Budange Castle

Hombourg-Budange Castle, a major witness to the history of France and Europe, illustrates the transformation of a defensive fortress into a manorial residence ; it remains one of the few vestiges in Lorraine of the three great architectural periods that mark this evolution.

Buding Mill Museum & Canner Park

On the banks of the Canner River, the Buding Mill Museum boasts a rich history, having been used for oil, flour and weaving.

Home to the Buding oil mill, Canner Park offers beautiful walking trails and is ideal for exploring the local flora and fauna.

Throughout the year, come and enjoy the events and festivities that this place has to offer.

Luttange Castle

You may find it hard to believe, but it's true !

Sixty years ago, Luttange Castle was nothing more than a ruin. It was thanks to an exceptional community effort that it was saved and restored.

Just head to the village center to see it for yourself and be transported back to another era. Look up and open your eyes wide. With its towers, walkways and arrows slits, you are indeed in a feudal castle straight out of a fairy tale.

Experiences

immerse yourself in the local atmosphere

Relive the atmosphere of yesteryear at the museum of the school of the past, where the smell of chalk and the magic of inkwells plunge into the world of a classroom of yesteryear in Metzervisse.

Hiking along the Roman trail is like stepping back in time, following historical traces in the heart of a preserved natural setting.

Immerse yourself in the mysterious world of Luttange Castle and challenge your friends to solve captivation puzzles to uncover the secrets of the lords of Lorraine.

Cycle along the 4 Lords Forest cycle path, where the wilderness envelops you in a haven of tranquility, among majestic trees and secret paths.

Tasting an AOC Moselle wine from the Stromberg estate in Malling is a unique experience, allowing you to savour France's northernmost wine.

Must sees

iconic sites not to be missed

Hackenberg's massive fortification

Think back to your history lessons, specifically those about the Second World War. Perched on a hill in the village of Veckring, this fortification is one of the largest forts in the Maginot Line, a series of fortifications built along the border.

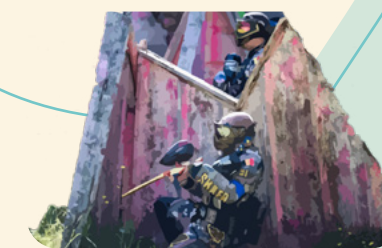

Transformed into a military museum, the barracks also offers enriching historical discoveries. After a guided tour, board the History Train to visit the combat blocks and artillery casemates.

Guénange water sports center

Who can boast of having sailed on a river that flows through three countries? On request, it is possible to sail on the Moselle in several types of boat: Optimists, Toopers, Topazes, Europes, Lasers, Caravels, 420, 470 or Tabascos and paddles.

Walkers and cyclists can join the Voie Bleue, which runs along the banks of Moselle for hundreds of kilometers, on foot or by bikes.

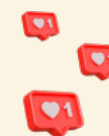

Paintball Loisirs Veckring

If you want to settle scores with your family or friends (even over issues dating back more than 30 years), or simply have a good time letting off steam with a paintball gun, this is the place for you !

Come and have fun at Europe's largest paintball site, covering over 12 hectares of semi-urban and wooded land.

Hotspots

We'll let you discover them for yourselves !

1 View of the Moselle and Berg Castle from the Malling campsite

2 Saint-Roch Chapel in Kœnigsmacker

3 Panorama of the Hackenberg chapel in Veckring

4 Landscape along the cycle path between Veckring and Sainte-Marguerite

5 Waterfall on Rue du Moulin in Klang

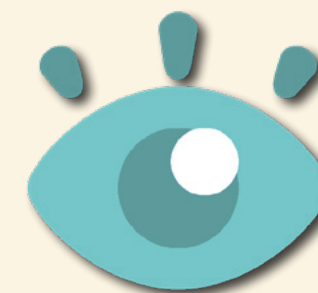

6 View of the Valley of Angels in Reinange

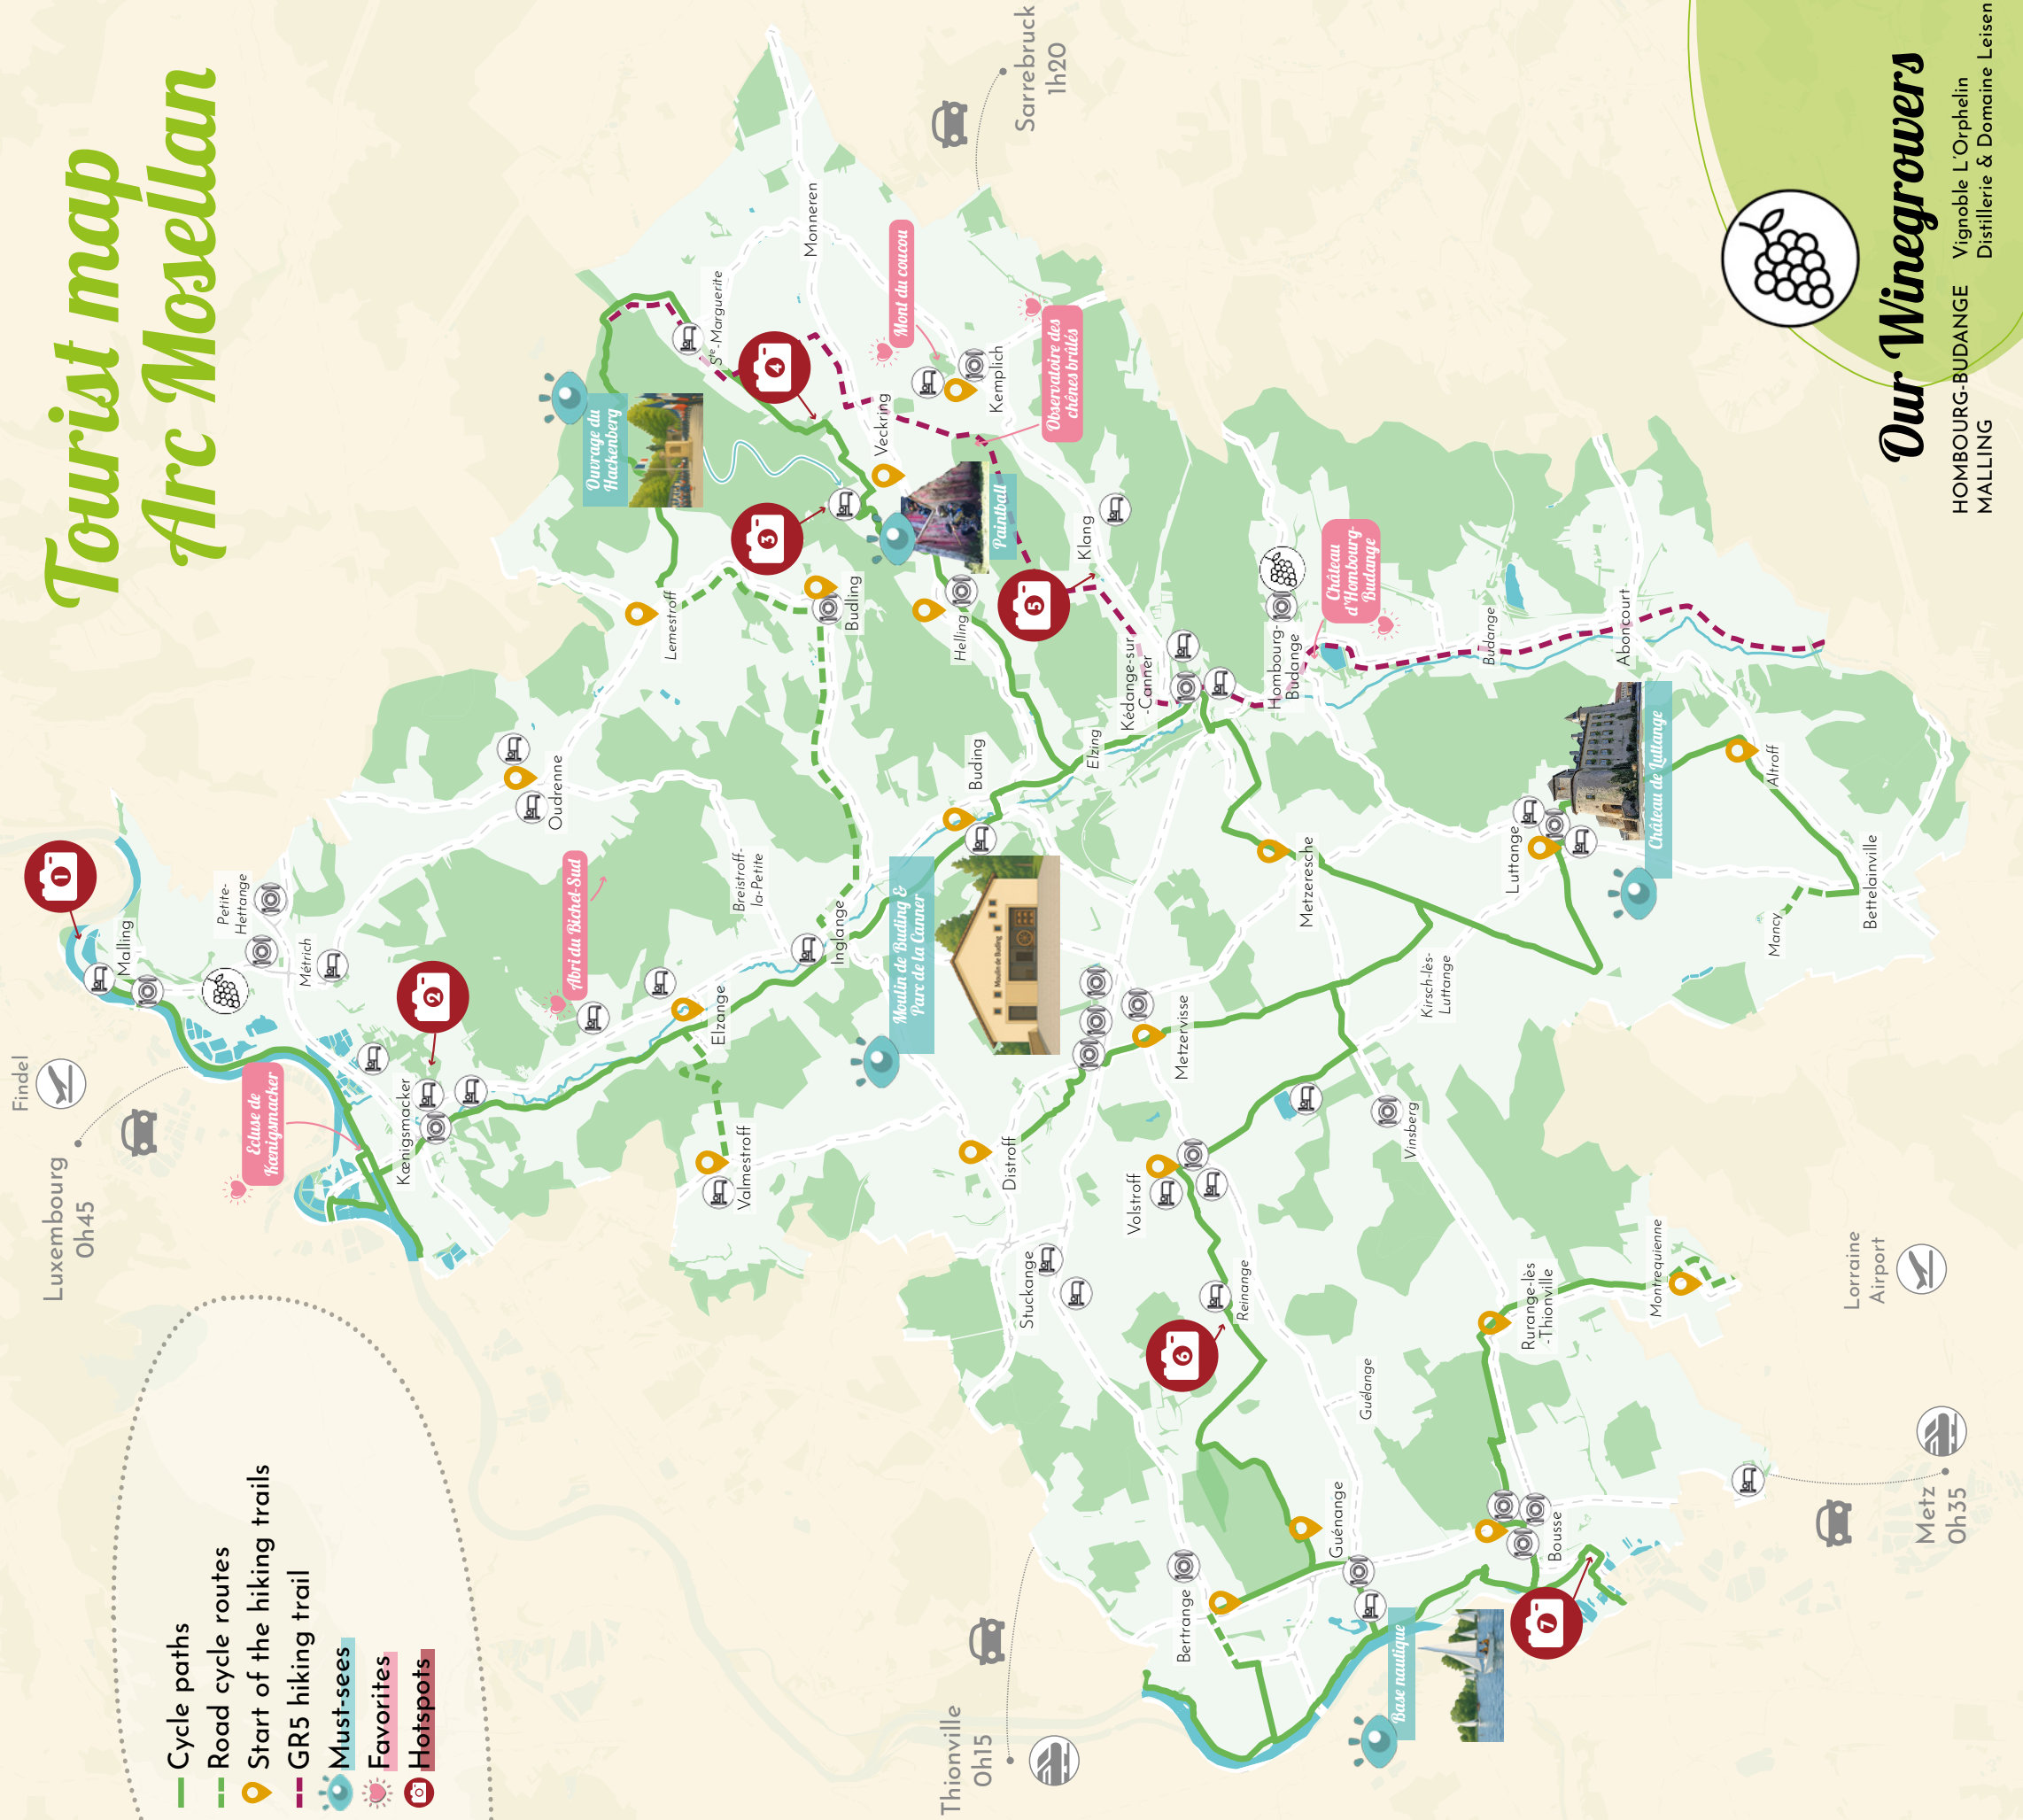

7 View of the Moselle at Bousse
